

Warren Dunes State Park

Tuesday July 15:

Deer Me, 3pm at Campsite 37

We celebrate a year with deer and learn about the behavior of these graceful animals. Why are there so many and where do they hide? How old do deer get and how can they find their way in the dark?

Wednesday July 16:

Squirrel Hike, 3pm at Site 83

Warren Dunes is home to many kinds of squirrels and they are fun to watch. Hike in their habitat and learn their lore, as we hunt for their homes. Can squirrels teach us survival skills? Are there really flying squirrels here? How big can a squirrel get?

Thursday July 17:

Mammal Tracks, 3pm at Site 83

Warren Dunes is home to many mammals—more than you realize. But where are they? Learn to see signs of mammals in the forest and follow their tracks. You too can read the secret signs of the forest.

Friday July 18:

Michigan Mammals, 5pm at Site 83

Learn about the mammals of Warren Dunes. See skulls and skins of the common animals that live in our forest. Learn how they helped open up Michigan Territory.
